CIA INTERNAL USE ONLY

15.   (Internal Use Only - PLC) In response to my call to
Ralph Malvik, OMB, inquiring as to the status of the Agency's
proposed amendments to CIARDS, I received a call from Jim Oliver,
OMB. Oliver said that he personally had been holding up the proposal
due to his concern that the Agency's open disclosure of budget figures,
as proposed, could present problems. He acknowledged that he had
little support of his position and would seek to clear the package for
referral to the Congress within the next day or two. He will call us
back.

16.   (Internal Use Only - PLC) Received a call from Mark
Adams, in the office of Representative John J. McFall (D., Calif.),
concerning a request from a constituent under the Freedom of
Information Act. I explained to him the procedures to be followed
in submitting requests to the Agency.

17.   (Internal Use Only - RJK) Spoke with Martin Singer, on the
staff of Representative Clarence D. Long (D., Md.), in connection with
his request for information on the Agency estimate of the Soviet grain
harvest. I explained to him that as he was aware this whole subject
area was very sensitive at the moment throughout the Government. Our
people are currently reviewing the estimate and therefore we would have
to defer comment until a later date. Singer said he appreciated our position.

18.   (Unclassified - RJK) Received a call from Richard Kaufman,
General Counsel, Joint Economic Committee, asking about a few follow-ups
to the Director's briefing of the Subcommittee on Priorities and Economy in
Government on 18 June. He also wished to advise us that the Subcommittee
is making plans to contact the Office of Net Assessment. He said that
STATINTL Senator William Proxmire (D., Wisc.) felt that this would be a good idea.
I learned from [   ] OCI, that there were a few charts being prepared
for Kaufman. I then called Kaufman back and advised him that the remaining
charts would be completed [   ] them by
Thursday.
